

CLASSROOM OPTIONS

At Mustard Seed Preschool we are a play based kindergarten readiness program. We believe children learn by building on the knowledge they already have, primarily exhibited through play. Teachers help children learn by creating a rich environment to explore.

PRESCHOOL

This class is typically a child's first experience in a school setting. We use play based activities to help teach self help skills, routines, and social emotional development. We have a student led curriculum that focuses on the child as a whole. This class can be repeated until the year before a student enters kindergarten, and potty training is not a requirement.

Mustard Seed Preschool has a licensed Speech Language Pathologist on staff, and partners with Northwest Regional (NWRESD) for physical therapy, occupational therapy, behavioral support, and school psychology for those students that qualify. We also have limited space in our program for incoming students who may need extra support before joining us in the fall. Please reach out to the main office as soon as possible if you would like your child to benefit from this program.
